Broken Rib Diagonal Blanket

Important: Read all notes before commencing to knit pattern

- Pattern is a 12 row repeat with only 1 repeat shown – Pattern is worked by K a border, repeating these 12 rows until you like the length of your blanket, then K a top border to match the bottom border.
- Stitch segments denoted by * * are repeats. Repeat these segments across the row to the last 4 sts then K 4
- Blanket is bordered by garter stitch on the top, bottom and both edges. This border may be increased as desired so long as the borders are kept even.
- If side borders are increased to be more than 4 knit stitches, be sure to increase the top and bottom borders accordingly so it is balanced with the sides.
- A variation of the pattern involves changing the border from all K to seed stitch for a more stable, consistent, non-rolling border.
    - Seed stitch is worked as follows:
    - On an even number of stitches (as in this pattern)
        - Row 1: *K1, p1; repeat from * to end of row
        - Row 2: *P1, k1; repeat from * to end of row
    - Repeat rows 1 and 2 for pattern
- Blanket can be knit using a solid color, using a variegated yarn or by switching colors between the 12 row (or 24, 36, etc.) row repeats.
- If using multiple types of yarn, change yarn (whether type or color) after completion of the 12 rows and not within a pattern set.

Detail of Stitch Pattern

Using a US #10 needle and Worsted Weight (#4) yarn, cast on 98 sts and then proceed to work the following pattern. Read the notes on this pattern (previous page) before commencing to knit.
