

## Morning Glory Chemo Hat

Sample was made with approx. 3 oz. of worsted weight yarn.

Hat is started on size 7 16" circular needle and transferred to size 8 16" circular after completion of rolled brim. When decreasing add second circular when stitches become too tight for 16" needle. Or, switch to double pointed needles.

Using size 7 needle cast on 72 stitches. Join, being careful not to twist.

Knit 9 rows. Knit 10<sup>th</sup> row onto size 8 needle.

**Pattern:** (9 stitch repeat)

Row 1: Slip 1 (sl) stitch (st), knit 1, pass slipped stitch over knitted stitch (psso), yarn over right needle (yo), knit 3, yo, knit 2 together (K2tog), Knit 2. Repeat these stitches around row.

Row 2: Purl 2, Knit 7. Repeat around row.

Row 3: Knit 2, yo, sl st, K2tog, psso, yo, knit 4. Repeat around row.

Row 4: Repeat row 2

Repeat 4 pattern rows 2 more times.

Knit 4 rows even.

Work the pattern rows 2 more times.

Knit 4 rows even

Crown decrease rows:

Row 1: Knit 7, k2tog. Repeat around row.

Row 2: Knit all stitches

Row 3: Knit 6, K2tog. Repeat around row.

Row 4: Knit all stitches.

Beginning row 5 and remainder of rows knit one fewer stitches each time before knitting 2 together. Continue in this manner until there are only 8 stitches remaining.

Cut yarn, leaving about 8 inch tail and pull thru these 8 stitches. Weave in tails.

**Note:** When working pattern rows I place a scrap yarn marker after each 9 stitches, slipping marker after each repeat. This helps me know I'm keeping pattern correct. Also, these markers indicate decreases at crown of hat. You will just knit to within 2 stitches of each then knit these 2 stitches together before slipping marker.
